RFP No. 070104
CLARIFICATION QUESTIONS AND ANSWERS**

1. Question: Are there any areas where a lift will be allowed?

Answer: Yes, there are areas where a lift will be allowed. Once the contract is awarded, the successful bidder will coordinate with the Capitol Superintendent's office, through the COTR for this project, for those specific areas.

2. Question: How do we address rotted window sills?

Answer: It is not anticipated that any window sills are so badly rotten that they can not be scrapped, prepped, and re-painted. Should the successful bidder have specific questions on specific sills once the project is underway, they are to coordinate with the COTR.

3. Question: How do we address bad caulking?

Answer: Please refer to the project specifications.

4. Question: Where will the staging area be located?

Answer: The staging area will be determined once the contract is awarded.

5. Question: Is the Contractor to make any repairs to windows, trim, or stone?

Answer: Please refer to the project specifications.

6. Question: During the Site Visit, it was mentioned that after scraping the windows, an application of an oil primer is needed and one finish coat. The specifications state that a prime coat, intermediate coat and a top coat is required. Please clarify what is to be done with the windows at the Capitol Building.

Answer: Please refer to the project specifications.
